WHAT THE TEACHERS ARE LIKE IN BRYN PRIMARY SCHOOL

The teachers are very kind and willing to help all the children. The teachers think of many different field trips to keep the children occupied in lots of different ways.

US AND BRYN

Us and Bryn are linked together and we have chatted with them and they are very kind and funny. They like many different things and activities like ourselves. We also told Bryn about us and I think they enjoyed speaking to us as we did to them.

SPORTS

In Bryn they love sports and have a new hall to do their sports in.
